INFORMATION & NEWS FROM ASHRAE  
OTTAWA VALLEY CHAPTER

P.O. Box 3123 Station "C" Ottawa, Ontario K1Y 4J4

## FEBRUARY MEETING

Date: Tuesday, 18th February, 1975  
Time: 6.00 P.M. - Social. Dinner - 7.00 P.M.  
Place: Cathay House, 228 Albert St., Ottawa  
Topic: "THE GREAT DEBATE"!!!  
(N.B. - A First in ASHRAE History)  
Proposal: Be it resolved -  
"Artificial Humidification Is Of No  
Concern In Modern Buildings".

Speaker in favour:  
Professor J. Bruce Findlay  
Department of Mechanical Engineering,  
Carleton University, Ottawa.

Speaker - against:  
Mr. Lorne S. Wilson,  
Mechanical Engineer,  
Department of Public Works, Ottawa

The moderator will first solicit a pre-debate vote from the floor for the YEAS and NAYS on the resolution.

The guest debaters will then each be allotted limited time to make their initial arguments without interruptions.

After the customary polite and controlled rebuttals, a time controlled free-for-all will follow.

This will be followed by an all member participation of firing questions and criticism at the debaters from the floor.

The Final Vote - ?

As the evening is anticipated to be one of uproarious technical dissemination of knowledge by and for all present - come on out and get yours!

D. C. McKeen, Chairman,  
Technical Sessions.

## CHAPTERS REGIONAL CONFERENCE 1975

Last spring the Region II Chapters Regional Conference (CRC) was held in Ottawa, and a large number of our Chapter members planned and worked long hours to make it a success. A CRC is held every year in Region II, and although fewer Chapter members will be actually involved in the Calgary meetings, all of our members are encouraged to provide input to our CRC representatives, Charlie Hobbs and Grant Wilson. The CRC is the link between local Chapter members and the Society, therefore, if you feel you want changes or have suggestions to make on the Chapter, the Society, the Journal, the Committees, etc., let your delegates know. Input from the Ottawa Valley Chapter, has, in recent years, been acted upon by the Society.

Another important function of a CRC is to put forth names for possible nomination to Region II and Society Committees and for ASHRAE Honours and Awards. The F. Paul Anderson Award to Dr. Neil B. Hutcheon as announced in our January Newsletter, is another example of local communication through the CRC, resulting in well deserved recognition for an ASHRAE member in our area. Let's continue to give the Ottawa Valley Chapter a voice in Society.

## PHOTOGRAPHER WANTED
