INFORMATION & NEWS FROM ASHRAE

OTTAWA VALLEY CHAPTER

JANUARY 1983

P.O. Box 3123 Station "C" Ottawa, Ontario K1Y 4J4

PRESIDENT'S MESSAGE

It is my pleasure, on behalf of the Chapter Executive and Board Members, to extend best wishes for the year 1983 to all you ASHRAE members. At the same time, I invite those who have not yet joined our Chapter to do so, and to attend our meetings and participate in our activities.

Our Program Committee has done an excellent job this year in providing us with interesting speakers and the January meeting should be no exception.

Our Society President, Clint Phillips, has accepted our invitation to be our speaker at our 30th Anniversary meeting on February 15th. In addition, Andy Boggs from Atlanta Headquarters expects to be able to help us celebrate this milestone. Our Chapter Historian, Charlie Hobbs, is gathering historic data for the occasion and, of course, all Past Presidents and Charter Members will receive a special invitation for this meeting. Please plan now to attend this February meeting.

Also, as mentioned elsewhere in this issue, our 30th Anniversary party is on Friday, February 18th. We expect it to be the best social event we have ever had; plan now to attend.

Dalton McIntyre

CHAPTER MEMBERSHIP

Thanks to an extended program it's still not too late to join the Ottawa Valley Chapter. Even the prepaid meals are still a "good buy" at \$75.00, with five dinner meetings remaining this year.

For the equivalent of five guest tickets you can also become a chapter member and enjoy all the privileges that come with it: voting, running for office and serving on committees.

So, start off the New Year right: come to the January meeting, join the Chapter and share the good times with fellow ASHRAE members.

ASHRAE RESEARCH INVESTMENT

The rapid advancement of technology is very evident in all fields. An investment in Ashrae Research will help maintain that advancement of technology in the field in which most Ashrae members are working. Through research, we improve the equipment and methods we all use to earn our livelihood. It makes sense that we all support Ashrae Research because we all benefit by its success.

February and March will be Research Campaign months. Our target is \$9,500.00. We can do it.

MEETING

Date: Jan. 18, 1983
Time: 5:00 to 5:30 - Technical Discussion
5:30 to 6:30 - Social
6:30 - Dinner
Place: Cathay House, 225 Albert St. (upstairs)

PROGRAM

Topic: NRC Research relating to Ashrae interests.

Mr. Gustav Handegord of NRC will discuss:

- current research projects being carried out by NRC,
- the role of technical committees in Ashrae,
- the difficulties, as he sees them, relating to the interfacing of the technical side of Ashrae and chapter/region activities in Canada.

Mr. Handegord is a Saskatchewan native, graduating from the University of Saskatchewan in 1946. He is currently the coordinator of building and technology for NRC here in Ottawa.

We are delighted to have one of our own chapter members speaking on a subject so important to the present and future of our industry.

John McAninch will be your program chairman for the evening.

TECHNICAL COMMITTEE PROGRAM

Your Technical Committee wish to emphasize that you are all invited to attend these meetings which start at 5:00 p.m. and finish at 5:30 p.m. when the Social Hour commences.

The subject for this month is ventilating air requirements. If 0.02 CFM per square foot of ventilating air is sufficient why do we design buildings for 0.1 CFM per square foot. Is it necessary to provide ventilating air to the hot deck of a dual duct system. What are your thoughts on this controversial matter. We hope you will have some interesting comments.

EDUCATION COMMITTEE

The Education Committee wishes to inform you of the following upcoming tours in which you are encouraged to participate.

February - A visit to the Hull Sewage Treatment Plant in Gatineau.

March - A visit to Building U-88 at NRC which houses a cold room for testing Diesel locomotives.

These tours will be co-ordinated by Mr. R. Code and Mr. M. Swayne respectively.

SPECIAL EVENTS

Just a reminder to keep Friday, February 18th open for our 30th Anniversary Party. Tickets will be available at the January meeting.
