PRESIDENT'S MESSAGE

At the October meeting we will be honoured by the presence of Mrs. Al Oakes, who will present the first "Al Oakes Award of Excellence" to a chapter member. The award was established by the Board in memory of Al Oakes of Al Oakes Mechanical Contractors for his service to our chapter and ASHRAE. The award will be given to a committee member, who has made an outstanding contribution to our chapter.

Al was president of our chapter in 1966-67, he served on many committees and had just completed his 3 year term as regional director for Region II, when he passed away a year ago.

Al set a high standard of performance for himself, ASHRAE and his business. I have known Al since 1973 through my consulting practice in the heat pump field, and I came to know him as a man of honour and integrity. Through his hard work and dedication to ASHRAE, he has set an example for all of us to follow.

It is fitting that Al should be remembered with this award, and only those of our members who can match his performance and dedication are worthy of the award.

The "Al Oakes Award of Excellence", established to his memory, will always remind us of his outstanding contribution to our chapter and ASHRAE.

John Lunde

PROFESSIONAL DEVELOPMENT SEMINAR

This is just a reminder that the ASHRAE PDS entitled "Air System Design and Retrofit for Energy/Cost Effectiveness" will be given at the Royal York Hotel in Toronto, October 27th and 28th. Practically every ASHRAE member should be taking courses to upgrade his or her knowledge in HVAC and what better way is there than participating in these ASHRAE Professional Development Seminars. Someone from your company should attend; register now.
