## PRESIDENT'S MESSAGE

The theme for our March Chapter Meeting is "Research Promotion Kick-off". Whether you are a Consulting Engineer, Mechanical Contractor or represent equipment manufacturers and sales companies, utilities and government agencies, you may not be personally aware of how our HVAC & R industry benefits from ASHRAE Research. Research Chairman Bill McKinnon will provide more information at our March Meeting about all the worthwhile projects which have been funded by ASHRAE Research Canada for the benefit of our industry. All funds which are donated to this cause remain in Canada. Please be generous when the Research Promotion Committee approaches you for your support.

**Byron Landry.**

## TABLE TOP DISPLAYS

Table top displays are now permitted at our Chapter Meetings as a result of recent rule changes, subject to restrictions outlined in the August issue of *Capital Communiqué*. Here is your opportunity to raise the profile of your company's products, services, equipment and systems to a broad audience of fellow Chapter members and guests. Further details may be obtained by contacting Chris Frauley, 232-3511.

## MARCH TABLE TOP DISPLAY IS SPONSORED BY GORD HAYBALL AND ASSOCIATES

The product display this month will feature the NORTEC line of steam humidification equipment. The display will be manned by Gord Hayball and Ian Hayball of Gord Hayball and Associates. They will be available to answer any humidification application questions you may have. Please plan to drop by their display.

## MEMBERSHIP UPGRADE

For those who have advanced in the industry and would like to upgrade their membership status, please contact Rick Bell at 224-0221.
