Mashed Potatoes - Vegetable

Fresh Fruit Cup

PRESIDENT'S MESSAGE

The purpose of Student Night is to make our College and University guests feel comfortable with our industry. Thus, we have arranged a tour that is of interest to all and we encourage you to attend.

Further, we invite you to sponsor a student for the evening meeting and describe to them your views with respect to our industry. Your insight may help them to decide if HVAC & R matches their interests.

Step back for a minute and think if somewhere along the way someone didn't go out of their way to help you. Your support for this event is greatly appreciated.

Chris Frauley
Chapter President

TECHNICAL SESSION

The regular technical session is cancelled this month so that interested members may attend the tour of the World Exchange Plaza.

TABLE TOP DISPLAYS

Table Top Displays of products, services, equipment and systems present a good opportunity to raise the profile of your company's products and services to a broad audience of fellow Chapter members and guests.

We presently have space available at the following Chapter meetings to display your product to a large audience in the same field of interest:

February 18, 1992 open
March 17, 1992 FLAKT
April 21, 1992 open
May 19, 1992 open

Please contact Ross McIntyre at 727-5111 for further details.

TELEPHONE COMMITTEE

Each month you receive a phone call just prior to the meeting asking if you will be attending. This survey helps us forecast members attendance and thus allows Fredrico to prepare the right quantity of meals. The Chapter pays for these meals based on the phoned in estimate.

PLEASE be accurate in your reply as to your attendance. We want to have enough food, but we do not want to get into financial trouble.

Other Chapters have had to adopt the plan that if you say you will attend, you are billed even if you don't show. Ottawa Valley Chapter does not want to implement this. Help your telephone committee help us, be accurate.

Chris Frauley
Chapter President

HISTORICAL DISPLAY

Our February meeting will feature a historical display manned by our resident Chapter Historian, Paul Baker. If you ever wanted to know how the Chapter got started or how long we've been around, drop by to quiz Paul.

CFC SEMINAR

The Education Committee and the Refrideration Committee are organizing a Seminar on CFC Management for April. Please look for more information in the March issue of Communique.

TECHNICAL TOUR

World Exchange Plaza
45 O'Connor Street
Ottawa

Visit the New World Exchange Plaza with the facility's operations manager, Mr. Jim Bryan and members of the consultant team. Ken Hazzell, Dave Henselwood and Richard Albert of Clemman Large Patterson will present the mechanical and electrical design concepts and system description, including visit of a typical floor. Mr Bryan will present a mechanical description of "Time Span".

MEET: Main level, before 3:55 p.m.

Watch for ASHRAE signs

PARKING: In World Exchange Plaza

Entrances on Metcalfe & Queen

- Before 5 a.m., Hourly Rate to 5 p.m.

- After 5 p.m., Free

STUDENT NIGHT

The Chapter meeting on February 18, 1992, is declared the Student Night. Local students are invited to tour the World Exchange Plaza in the afternoon - for details see the Tour announcement - and participate in the Chapter meeting in the evening.

The Education Committee is looking for sponsors of students for the evening. If you are interested, please call Ross McIntyre at 727-5111 or see him before the meeting. He will assign you a student who will be your dinner guest.

STUDENT FOR A DAY

The Chapter is trying to provide students from Algonquin College with an opportunity to see the HVAC industry from the closest distance. The Education Committee, on behalf of the Chapter, is compiling a list of firms that would be willing to take a student or two for one day to give him or her the opportunity to see first hand at least a very small part of the HVAC industry.

This, of course, could be a two way street. The firms that are willing to have a student or two for a day may take advantage of this program to meet potential employees.

We will be approaching local firms during the next few weeks in order to provide Frank Snyder from Algonquin with a list of contacts. Based on this list, Frank will be making detailed arrangements directly with the interested parties. If you or your firm are interested in participating, please call Ray Young at 829-2727.
